Hi Fletcher: There is a SIP-approved definition for Area A (see attached) -- I think it is the same as what I provided before.

Hi Fletcher -- We need your help! We need to pin down the location of the Hickman's Eggs facilities with respect to all nonattainment areas (ozone, PM10, and PM2.5) and "Area A" in Maricopa County. The exact addresses are 32425 West Salome Hwy Arlington and 41625 Indian School Road Tonopah. It would be great to have a map that shows the Hickman locations for all Maricopa nonattainment areas and Area A, which I believe Maricopa or ADEQ has designed as a PM10 "maintenance area".

I'm attaching maps that we have so far -- the first one has handwritten notations for the location of the Hickman facilities. The second map shows boundaries for the PM10 and ozone NAAs and for "Area A".

Do you have an official definition of Area A? I had trouble finding one, but I did find this definition of Area A in Arizona's statutes (ARS 49-541) -- it pertains to motor vehicles though:

1. "Area A" means the area delineated as follows:

(a) In Maricopa county:

Township 8 north, range 2 east and range 3 east

Township 7 north, range 2 west through range 5 east

Township 6 north, range 5 west through range 6 east

Township 5 north, range 5 west through range 7 east

Township 4 north, range 5 west through range 8 east

Township 3 north, range 5 west through range 8 east

Township 2 north, range 5 west through range 8 east

Township 1 north, range 5 west through range 7 east

Township 1 south, range 5 west through range 7 east

Township 2 south, range 5 west through range 7 east

Township 3 south, range 5 west through range 1 east

Township 4 south, range 5 west through range 1 east
